BATTLEFORD'S CIVIC IMPROVEMENTS

CONSTRUCTING WATERWORKS AND SEWERAGE

BATTLEFORD'S development during the past year has placed the fact of this town becoming a city and a great industrial and distributing centre beyond the boundary of experiment, and civic improvements of a heavy nature are the order of the day. Those under construction at the present time, creating an expenditure in excess of \$275,000, are

WATERWORKS & SEWERAGE
 NEW CITY HALL & OPERA HOUSE
 GRANOLITHIC WALKS
 NEW HIGH SCHOOL

Projected for next year are a new street lighting system, new general hospital, two modern public school buildings and a new Academy.
